# Ctzencart<sup>™</sup> SERIES

Integrate refinement  
to your organic collection

ENVIRONMENTAL

## The Ctzencart series add to its line the state of the art of organic collection

### Key Features

- IPL's injection process uses high density polyethylene (HDPE) that yields precise design and consistent thicknesses;
- UV stabilized against long-term effects of the sun;
- 100% recyclable;
- Unibody design requires no bolts or holes that could potentially leak;
- Designed for maximum wind stability.

### Options available

MantisWay latch

Gravity lock

Durable 8" 100% Plastic wheels with Patent locking system for easy removal and maintenance

Ergonomic handles

Ergonomic handles

Molded in integrated baffle compatible with fully and semi-automated collection

For semi-automated Type B American grips, and Type G fully automated collection.

### Certifications

When you choose IPL, you work with a recognized industry leader. IPL was the first plastic injection company to achieve ISO 9001 quality certification in North America. The addition of ISO/TS16949 certification further demonstrates IPL's commitment to quality. These quality initiatives demonstrate our capabilities and know-how.
